Conference Introduction:

2018 3rd International Conference on Biomedical Signal and Image Processing (ICBIP 2018) (<http://www.icbip.org/>) will be held in Seoul National University, Seoul, South Korea during August 22-24, 2018. It is co-sponsored by Hong Kong Chemical, Biological & Environmental Engineering Society (HKCBEES) and Biology and Bioinformatics Society (BBS). The aim and objective of the ICBIP 2018 is to provide a platform for researchers, engineers, academicians as well as industrial professionals from all over the world to present their research results and development activities in Biomedical Signal and Image Processing.

Call for Paper:

Topics of interest for submission include, but are not limited to:

- Bio-imaging and biomedical signal processing
- Signal processing education systems
- Industry technology tracks
- Information forensics and security
- Machine learning for signal processing
- Remote sensing signal processing
- Signal processing for Big Data
- Signal processing for the Internet of Things
- Bioinstrumentation and Biosensors
