

CALL FOR PAPERS

Paper Publication

Option A:

International Conference
Proceedings by ACM (ISBN:
978-1-4503-9050-7)

be indexed by

Optional B:

Journal of Image and Graphics
(JOIG, ISSN: 2301-3699),

be included in

Paper Submission

Please submit the paper to [Online Submission System](#) or icbip@cbees.net

Topics

Biomedical Signal Processing

- Bioelectric signal (EEG/ECG/EMG/EGG/ERG)
- Biomagnetic signal (MCG/MEG)
- Biomechanical signal
- Health monitoring systems and wearable system
- Biomedical signal detection and acquisition
- Spectrum analysis of biomedical signals
- Biomedical signal compression technology
- Amplifier and A/D Conversion
- Medical signal and image transmission
- Machine learning for signal processing

Biomedical Imaging and Image Processing

- Medical image analysis
- MR image reconstruction
- Biomedical imaging, image processing & visualization
- Molecular imaging
- Segmentation and 3D visualization
- Image segmentation
- Image registration
- Image reconstruction and enhancement
- Feature extraction
- Image detection and recognition
- Shape analysis
- Machine learning
- Deep learning
- Image matching
